Your investment in a PMI membership is a gateway to an array of business services.

Our staff and board of directors have extensive experience working with federal, state and local officials for the betterment of our community.

PMI membership allows you to tap into our expertise to match your business with the right programs to improve infrastructure, enhance your workforce and increase profitability.

Arcadia North Business Park

Pocono Mountains Corporate Center South

*“PMI put us in touch with the right people. We expressed interest in having rail service and Chuck Leonard made a referral to the PA Northeast Regional Railroad Authority. Our company now receives one railcar every 10 days which is equivalent to 10 bulk road trucks per month.”*

Join and Support Economic Development in Monroe County

---

*Pocono Mountains Industries, Inc. is a non-profit economic development corporation certified by the Commonwealth of Pennsylvania and an affiliate of PMEDC*

## Pocono Mountains Corporate Center East

## Why Join?

PMI membership is an exciting opportunity to:

- Deepen your existing business relationships in the Monroe County community
- Make a commitment to successful economic development and job creation within Monroe County
- Get information on federal, state and local programs to help your business grow
- Support permitting and regulatory reform in the Commonwealth of PA for a more timely and cost effective development process

*"PMI took the time to meet with me and explain all the benefits of working in Monroe County, PA. It was an easy decision when I learned of the tax advantages over New Jersey and New York. Low interest financing provided for equipment was critical to the growth of MegaPhase along with KIZ tax credits and training grants."*

-Bill Pote, President, MegaPhase

- Press release announcing membership
- Member window sticker
- Quarterly Breakfasts
- Two tickets for annual membership meeting
- Company membership in Monroe Citizens Against Regulatory Excess (CARE)

## Monroe Citizens Against Regulatory Excess (CARE)

Monroe CARE is a committee of Pocono Mountains Industries and your PMI membership will help support the goals and mission of the committee.

The committee was formed in response to the outcry of business regarding the permitting delays and expense encountered when planning expansion projects. A recent PMI survey of site selectors found that projects were not coming to PA because "it takes too long to get in the ground." PMI considers this missed opportunities for business and economic development. Change needs to happen.

Monroe CARE is your opportunity to engage directly with fellow business leaders, legislators, regulatory officials and municipalities in an effort to improve the sensibility, effectiveness and timeliness in the development process while also attempting to reduce costs.
